Summer Meal Program Meal Site Experience Video for Families

TDA has created a new video resource that walks families through the summer meal site experience from start to finish. This video shares the three ways a parent can locate a site, illustrates the various ways meals may be served this summer (grab and go, bulk meal pick-up, etc.) and reinforces how simple it is to access these nutritious meals! Share the trailer in [English](#) or [Spanish](#) on your social platforms. Click on the image for the full length video.

TX-UNPS Updates

2021-2022 Universal Breakfast Program Waiver

The Universal Breakfast Program Waiver application is now open!

The application period runs from **March 15 – June 30, 2021**. School district campuses and open-enrollment charter schools participating in NSLP in which 80 percent or more of the students qualify for a free or reduced-price breakfast must offer a free breakfast to each student or seek a waiver from TDA, required by Senate Bill 376. TDA has notified all mandated schools by email. CEs that are mandated to offer free breakfast to all students and wish to apply for a waiver should use the Universal Breakfast Waiver School Year 2021-2022 form through TXUNPS Download Forms (SNP-000). All waiver requests must be submitted by June 30, 2021. Please refer to the [Universal Breakfast page](#) for details and instructions or contact your Education Service Center for assistance.

CEP Due Date Extension

CEP Reports were due to TDA on June 5, 2021. If you failed to submit this report by the due date, please do so immediately to allow TDA time to prepare their required reports. TDA must post the list of possible CEP eligible districts and sites on SquareMeals.org by June 30, 2021. SFAs that intend to elect CEP for SY 2021-2022 must notify TDA by September 30, 2021. CEP election is completed via the **2022 TX-UNPS application packet**.

CEs that already submitted CEP site data, may update those submissions to reflect current identified students using the parameters described above and resubmit the form to TDA by June 5, 2021. **Do not submit data for sites designated as COVID “CV” sites.**

The CEP list reporting screen in TX-UNPS can be found by first navigating to the **Applications** tab. Once in the Applications tab, select **Community Eligibility Provision**. Select **Add** under the Action column for School year 2020-2021 located within the CEP Site List. Please ensure accurate data entry as the data will have a direct impact on claims for those that participate in CEP. The data entered is also reported to USDA and the Public.

For additional information on the CEP Report, see the *Administrator's Reference Manual (ARM), Section 5, Special Provision Options*.
